WORKSHOPS

FOCUS

Career Exploration

Career exploration is an opportunity for you to examine your options and to make informed career decisions based upon current local labor market information and employer needs.

Positivity

The job-search process is full of ups and downs. The roller coaster ride of emotions can be draining and impact your productivity. We will review techniques and tools that will help you reframe negative thoughts so that you can remain positive and optimistic.

CAREER NAVIGATION

Working in a Virtual World

This workshop will explore how to effectively interview and prepare for a job in the virtual world.

Contracting 101

This workshop will highlight how the job market has shifted toward increased contract work.

Communication Essentials

This two-day workshop series features skill development in communication, facilitation, and collaboration.

CAREER ADVISING
